

INVITATION FOR BIDS

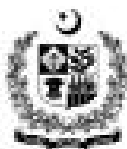

60 -100 MW POWER PROJECT AT KHUZDAR, BALOCHISTAN

The Government of Pakistan through the Private Power & Infrastructure Board (PPIB) hereby invites interested private parties to bid for developing an independent power project of 60-100 MW capacity. The project will be based on reciprocating engine technology, operated on Residual Fuel Oil (RFO) to be located at Khuzdar, Balochistan.

BIDDING PROCESS ROADMAP

- ▶ The interested party will first have to get registered with PPIB after paying US \$ 100 (or Pak. Rs. 6050).
- ▶ The registered entity to purchase Request for Proposal (RFP) after making a non-refundable payment of US\$ 2000 (or Pak. Rs. 121,000).
- ▶ Payments to be made through Demand Drafts / Pay Orders drawn in favour of PPIB, payable at a bank branch in Islamabad Pakistan or through wire transfer (For wire transfer details, please visit our web site <http://www.ppib.gov.pk>).
- ▶ PPIB reserves the right to reject any or all bids without assigning any reason thereof.

The bids complete in all forms should be received in PPIB latest by **30th November 2006**. RFP can be purchased at any time during official hours from PPIB, at the address specified below, before the bid submission deadline.
